Christmas Wishes 2014

New Year Greeting 2015

[Visit our Web Site](#) | [Contact us by Email](#)

Looking backward to the beginning of this year, I had no hope for my future because my future was uncertain. I faced as much as Jesus' fate of being rejected. But now, I thank God for equipping and preparing me at BST. On the way to my destiny, I was willing to take up the cross daily and suffer for the glory of God. I will be the salt of the world. I believe Jesus will provide for me after graduation. He will guide me in my direction. I still have a heart for evangelism, discipleship, and pastoral care and have been affirmed in what my spiritual gifts are, in relation to serving God. Through God's guidance I will seek part-time church ministry and ministry at UQ amongst students - to serve Him, using both English and Cantonese.

Thank God for my husband being a hospital chaplain this year. God uses him in this area of pastoral care ministry, caring for the sick at PA Hospital and St Andrew's Hospital. This service is worthy, but it is very challenging for him. Also, I am proud of my son, Michael. He studies hard, works hard, and looks after himself. He wants to be an independent person. In July, this year, he moved out to live with his schoolmates in St Lucia. The place is very close to UQ as well as to our place. He visits us, having dinner once a week. He is very busy studying, tutoring a UNI student, working, and having a Formula 41 project. Praise the Lord that he has arranged his placement at UQ for next year, as well as being able to do his thesis at the same location, researching material industry for medication. He will graduate in December 2015. with the others.

Best wishes for a merry Christmas 2014 and a happy new year 2015.

Florence and on behalf of Kenneth & Michael
